  - Front Desk at Medix Signature Clinic
  - Executive Lounge at Asgar Ali Hospital

- The service can be availed from Sunday to Thursday (except Govt. Holidays) reporting by 10:00 am of appointed date.

c) General Guidelines for Health Screening:

- Patients are highly advised to fast for 10 hours at least before going to the hospital. To give any fasting sample, customer is advised complete fasting of 10 hours prior to the test is preferred (may drink plain water). Patients should not take any medication, alcohol or cigarettes in the morning.
- Patients are advised to wear loose and comfortable clothing as they may have to change clothes for X-Ray/ Ultra sonogram tests.
- For Ultra sonogram of whole abdomen, patients need to be on minimum 6 hours fasting state with enough water to drink to have urine urge and pressure. Patients should refrain from passing urine prior to Ultra sonogram tests.
- Pregnant women or those suspecting pregnancy are advised to consult the doctor before undergoing X-Ray/Mammogram.
